

Call for Abstracts

16th FMIC Annual International Scientific Conference, 2026 “Improving Health Outcomes through Research and Collaboration”

Thursday, August 6, 2026
Kabul, Afghanistan

Submit your abstracts before June 30, 2026

Submit your abstracts via: <https://shorturl.at/oEINE>

FMIC is pleased to announce the **16th FMIC Annual International Scientific Conference**, to be held on **August 6, 2026** in Kabul, Afghanistan. The conference will provide a national and international platform for researchers, clinicians, academicians, policymakers, and health professionals to present original scientific work, exchange knowledge, and foster collaboration in healthcare and medical sciences.

Researchers from Afghanistan and abroad are invited to submit original research abstracts for **oral and poster presentations**.

Scientific research and innovation are essential for improving health outcomes, strengthening evidence-based practice, and addressing emerging local and global health challenges. The conference aims to promote scientific dialogue and interdisciplinary collaboration among researchers, scientists, healthcare professionals, government officials, and academic institutions.

The scientific program will feature clinical, public health, academic, and research perspectives, highlighting current trends, innovations, and evidence-based practices in healthcare.

Call for Abstracts Opens	14 May 2026
Submission Deadline	30 June 2026
Conference Date	6 August 2026

Theme and Sub-themes

Abstracts related to “Improving Health Outcomes through Research and Collaboration” are invited to the international conference which is expected to be widely attended by participants from within as well as outside the country. In addition, all the approved abstracts will be included in the conference proceedings and abstract book.

Abstracts are invited for the following subthemes (but not limited to):

1. Clinical Research and Patient Outcomes
2. RMNCAH (Reproductive, Maternal, Newborn, Child and Adolescent Health)
3. Nursing, Midwifery and Allied Health
4. Mental Health and Behavioral Sciences
5. Communicable Diseases and Immunization
6. Non-Communicable Diseases (NCDs)
7. Innovation and Advances in Surgical Practice
8. Health Systems, Policy and Implementation Science
9. Nutrition and Food Security
10. Health Professions Education and Research
11. Environmental and Climate Health
12. Digital Health and Artificial Intelligence

For abstract submission, please note the following:

- Abstracts for the Conference will be selected for oral or poster presentation depending on the evaluation by the Scientific Committee.
- Authors should also specify their preference for an oral or poster presentation.
- The selection of abstracts will follow rigorous appraisal to ensure that only quality abstracts are presented at the Conference.
- Please clearly state the sub-theme while submitting your abstracts.
- Please clearly state that your abstract has not been presented in previous FMIC conferences.
- Registration for the Conference is mandatory for the final acceptance of abstracts.
- Follow the "Guidelines for Abstract Submission" for complete details as given below.

Abstracts Submission Guidelines

- **For abstract submission please note:**
- Authors are requested to submit their research abstracts in structured formats. Each abstract should include title, author/s, affiliations, background, study objective(s), methodology, result, conclusion and keyword.
- The submitted abstract should be original, ethically approved. The authenticity of the abstract is the responsibility of the author.
- Abstracts must be submitted in the English language only.
- Abstracts must not exceed 350 words, including title, author/s, affiliations, and footnotes.
- The abstract will be accepted in soft copy (Word) only through email. Hardcopies sent by mail or fax will not be considered.
- No changes in the abstract contents and authorship will be allowed after the final submission. If you wish to withdraw your abstract you must inform the Scientific Committee via e-mail before July 20, 2026.
- Authors will be notified regarding the acceptance/rejection within three weeks after the given deadline.
- If accepted, the notification about the date and time of the session/presentation will be shared one week before the event.
- Use "Times New Roman" size 12 Font, with single line spacing for the abstract text that has to be academically and grammatically accurate.
- Accepted abstracts will be published in the Abstract Book.
